

# **Leadership Team Agreement**

**We agree to hold each other accountable to the following guidelines of collaboration as a team:**

- 1) Respectfully discuss concerns, fears, and challenges in a trusting environment;
- 2) To have a complete understanding of decisions, actions, accountabilities, and agreements. We will demonstrate by summarizing and moving ahead with one (1) voice;
- 3) Apply a cyclical decision making process, and be open to feedback / lessons learned;
- 4) When appropriate, 'close enough is good enough' with team feedback.
